

CALL FOR PAPERS “Area Studies”

The peer-reviewed online journal “Middle East – Topics & Arguments” (META) is calling for submissions for its next issue, which will be entitled “Area Studies”.

This issue will address both the historical evolution of area studies and related disciplines (in the case of the Middle East and North Africa: Islamic studies, Oriental philology, Middle East Studies, etc.) as well as contemporary developments on a conceptual as well as an empirical level.

We call for articles from a broad array of disciplines including political science, sociology anthropology, literature studies, cultural studies, media studies, linguistics, history and economics. We encourage articles that discuss current developments within area studies in a broader context of institutional frameworks, funding policies, and geo-political considerations.

The deadline for abstract submissions is May 31, 2014.
